FATIGUES TO FABULOUS

- Fatigues to Fabulous™ (F2F) is a national campaign designed to support those women serving in our nation's military, and the unique issues faced by women veterans.
- F2F works to help women make the transition from military to civilian life, navigate the healthcare system for their unique needs, raise awareness of the challenges women face upon return, and harness resources to support them. F2F's goal, along with our partners, is to provide valuable job training skills including resume building, interviewing skills and workplace attire.
